This information will only be used for hockey purposes.

Floating Players:

Clubs & Schools with two {2} or more teams in the same grade and who do not have any lower graded teams, may register two {2} players who shall be eligible for either team to play when the team is short. The decision will be made by the Executive on the floating players as to their eligibility, and to ensure that clubs do not abuse this privilege. Clubs / Schools that have team(s) in lower grades must always use a player from their lower graded teams and not from a team in the same grade. This rule applies to all Men's, Women's, College and Intermediate grades. Colleges may have a maximum of 3 players who can float from 2nd to 1st XI's.

If colleges need this to apply to lower teams then they must notify us on this form.

Names: **1.** _____

2. _____

3. _____

Return Date: 23rd April 2010
